

香港城市設計學會
Hong Kong Institute of Urban Design

A Corporate Affiliate shall be a corporation carrying on a practice in Hong Kong or Asia-Pacific which offers urban design services at least one of whose directors is a Founding Member, a Member or a Fellow of the Institute.

We believe that Hong Kong's professional urban design firms can benefit broadly from the role of the Institute in raising educational standards of university graduates, offering continuing education for practitioners, cross fertilizing on best practices in urban design, and the promotion of urban design issues towards the government and the community.

In addition, there are several specific benefits to firms of corporate affiliateship:

- networking opportunities with urban design and other professionals
- receive publications, publicity notices of HKIUD events and representations on topical urban design issues
- free advertising of staff recruitment opportunities in your firm on the HKIUD website
- listing on the HKIUD website of your firm as a corporate affiliate together with your logo and link to your firm's website
- inclusion of your firm's logo on printed materials and publicity banners at events when occasions arise; and
- staff discounts for participation in HKIUD events - including staff who are not HKIUD members

The annual subscription for corporate affiliateship is based on the number of Institute members listed in your firm:

Number of Members	Annual Subscription
Corporate Affiliate <i>With 1 – 5 HKIUD Members</i>	\$5,000
Corporate Affiliate <i>With 6 – 10 HKIUD Members</i>	\$10,000
Corporate Affiliate <i>With over 10 HKIUD Members</i>	\$20,000
