Designing Cities Course by Professors from University of Pennsylvania

Designing Cities is a ten-week long course starting in October 2013 led by professors from the University of Pennsylvania including Prof. Stefan AI, HKIUD member and formerly of HKU. Every week will focus on a different aspect of Designing Cities including: How Today's City Evolved; The Ideas that Shape Cities; Tools for Designing Cities; Making Cities Sustainable; Cities in the Information Age; Preserving Older Cities; Designing New Cities, Districts and Neighborhoods; The Challenges of Informal Cities and Disadvantaged Neighborhoods; and Visionary Cities. Materials will be presented by the instructors and guest faculty from PennDesign through a series of five or more modules per week, each typically 10-12 minutes long.
